REPUBLICAN RALLY

CENTRAL HALL, YALE,

Tuesday Evening, October 11th

EVERYBODY TURN OUT.

Read all the ads in The Expositor. Fine line of ready-to-wears at Mrs. Jas. Brown's. Salt sea and shower baths at Windsor's barber shop. Try one.

The coffee at Mrs. Harris' Wednesday afternoon was well patronized. John J. Doyle, of Sanilac Centre, is the new clerk for E. B. Fuller & Co.

Pastures in this locality have been helped very materially by late rains. Yale Clothing House is jam full of new goods. Never so much to choose from.

Wanted at The Expositor office a boy or girl to learn type-setting. Apply at once.

Special prices on all shelf and heavy hardware during the sale at Chas. Rounds.

You had better get a new boiler at Hutton's. For the next ten days you can get one at a bargain.

Rev. and Mrs. A. J. Holmes are now located at Auburn, Mich. Mr. and Mrs. Holmes were formerly Yale residents.

Dave Brown, employee of the Expositor office, has been confined to his home this week on account of an acute attack of indigestion.

No danger of consumption if you use Foley's Honey and Tar which is a sure cure for that stubborn cough. All druggists.

Robt. E. Way and Miss Cora A. Todd, both of Avoca, were married at the M. E. parsonage, Yale, Wednesday afternoon, Oct. 5th, by Rev. J. A. Thompson.

A fakir held forth on Main street Saturday afternoon who found several suckers ready and willing to part with their coin for a lot of cheap trash he was selling.

R. W. Menerey is giving his residence on Mechanic street a fresh coat of paint, which improves the appearance very much. Charley Ferguson is handling the brush.

M. M. Holcomb brought to this office ten potatoes each one of which will weigh about two pounds. Marve grew them on his lot in the village and he says he has many more of like size. Thanks.

For eruptions, sores, pimples, kidney and liver troubles, constipation, indigestion, use Hollister's Rocky Mountain Tea. Carries new life to every part of the body. Tea or tablet form, 35 cents. Grant Holden.

Considerable work has been done during the past two weeks filling in, leveling, sodding and grading the grounds at the power house. When the work is completed the surroundings will be very attractive.

The Republican, of Sanilac Centre, has this to say of a former Yale resident: "Herb Manley has moved into his new residence, north of town. It is one of the prettiest residences in this section of the county."

It is now proposed to authorize postmasters and deputies to open letters on which no postage stamp has been placed to learn the name of the writer and avoid sending them to the dead letter office. If all who write would have their names and address printed on their envelopes as the department requests, no such trouble would arise.

Bushel Crates!

We are prepared to furnish farmers and others with bushel crates at 12 1/2c each or \$12 per 100. These crates are made of 2x2 1/2 inch dressed elm, with corner and bottom pieces, every nail clinched which makes them extra solid and substantial. Will outwear the cheaper ones. Parties wishing to purchase crates will please call on Ira Goheen in the White Building.

F. & C. Baxter.

Summer colds are troublesome and if neglected, very dangerous. Mothers should always have on hand Greene's Cough Cure—for quick use—its superior does not exist. Pure, safe, sure. Best for children. Recommended and sold by Mathews & Wight.

Sufferers from headache, drowsiness, lack of energy, biliousness, bowel and stomach disorders, get prompt relief by using Greene's Little Laxative Beans. These little beans are a guaranteed cure for constipation, a gentle tonic. They clean the system, purify the blood and make Richard himself again. Thirty doses for a quarter—enough to cure five people. Mathews & Wight.

There is probably no place on earth better than a country newspaper to learn how many kinds of people there are, says an exchange. Some get huffy if a statement is sent, others will not pay until they receive a statement. Some will pay without a statement and others will not pay whether a statement is sent or not. Some thought they owed more and others thought they didn't owe so much. Some say they couldn't get along without the paper and others say it doesn't amount to much. But the nearest, scrupulous in the list is the man who takes it until he is shut off for non payment and then spends half his time explaining how he used to have "the thing" and stopped it because it was "no count."

Elam Sloot, a well known farmer of Speaker township, has had rather a bad time of it the past summer. About the 20th of June he suffered from inflammation of the lungs and had just nicely recovered when his limbs became numb and he walked with difficulty ever since. He had another experience while attending the fair at Crosswell last Friday. While in the act of watering his horse the animal jumped against the watering dish knocking it out of his hand. The splashing of the water frightened the horse causing it to kick. Mr. Sloot was knocked down three times and was kicked from one side of the stall to the other bruising his knee to such an extent that he has been laid up since. Mr. Sloot's friends will regret to learn of his misfortunes.

It must be that what The Expositor published in regard to Sunday brawls put a quietus on such doings as since then our streets are much quieter, for which people generally are very thankful.

People prepared for a heavy frost Monday night by covering up garden truck and flowers, but in the silent watches of the night the atmosphere became warmer and rain instead of frost came down.

A sad accident happened to Estella Brennan, daughter of Joseph Brennan, who is staying with Thos. Ross. While playing with neighbor girls she fell and broke her collar bone. Dr. Pollock was called and the child is doing nicely under his care.

The Fremont, West Virginia Times says: "Rev. Sam Bettes, the cowboy preacher, has made application to the President of the United States for an appointment as a chaplain in the service of the United States in the isthmus of Panama while the canal is in process of construction. He has been endorsed by several conferences and will have the endorsement of several more before he is through."

The widow of J. Albert Jackson, the Pere Marquette section boss who so nobly sacrificed his own life to save others, has been paid \$200 by the railroad company as a settlement of all expenses incurred by his death. It will be remembered that Jackson was section boss of a gang of railroad men at Wadhams at the time of his death. His fellow workmen saw the train approaching, as did Jackson himself, but the latter saw that he had left a rail jack in the middle of the track. Realizing that if the locomotive struck the jack the train would be wrecked, Jackson jumped back onto the track and released the jack from its position. His life was snuffed out in an instant but the lives of many others were probably saved by the sacrifice.—Port Huron Daily Herald, Sept. 30.
